

STX Mounting Rail Distributor

for up to 24 optical fibers

The range of STX Mounting Rail Distributors has been extended by a new version for up to 24 optical fibers.

STX Mounting Rail Distributors can be ordered pre-loaded („ready to splice“). They come with pre-installed adaptors and coloured, stripped pigtails to minimize installation time.

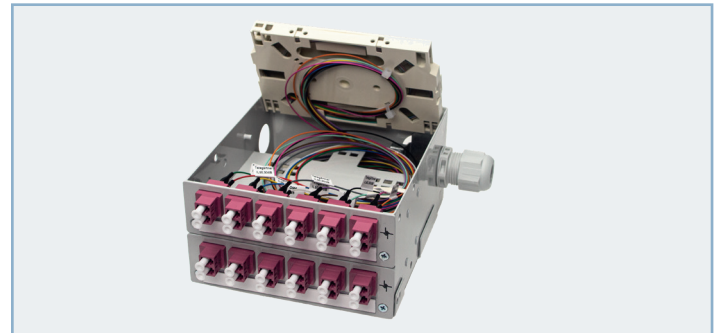

Exchangable front faceplates are available with ST Duplex, SC Duplex and

LC Duplex adaptors and can be mixed within the same distributor.

Fiber optic cables can enter the distributor from three sides. Bend radii are controlled and maintained by fiber slack management and an additional cable gland. The STX Mounting Rail Distributor can be installed with clips in three different positions on the mounting rail, offering maximum flexibility on site.

Technical Data

Material:	
Housing frontplate	sheet steel zinc plated, powder coated, RAL 7035
Material:	
Top hat rail adaptor	sheet steel nickel plated
Panel piercings	ST Duplex, SC Duplex, LC Duplex
Dimensions	140 x 127 x 70 mm
Cable entry	on top, at the bottom, from behind, M20 5-9 mm
Protection class	IP20
Delivery:	pre-installed adaptors, pigtails coloured and stripped for splicing

ST Duplex

Order no.	Description	Fiber Pigtails
H82050E0101	STX Mounting Rail Distributor with 12 x ST Duplex, Splice cassette, Pigtails, cable strain relief	24 x E9/125, ST
H82050F0101	STX Mounting Rail Distributor with 12 x ST Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM2, ST
H82050K0101	STX Mounting Rail Distributor with 12 x ST Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM3, ST
H82050G0101	STX Mounting Rail Distributor with 12 x ST Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM4, ST

SC Duplex

Order no.	Description	Fiber Pigtails
H82050E0102	STX Mounting Rail Distributor with 12 x SC Duplex, Splice cassette, Pigtails, cable strain relief	24 x E9/125, SC
H82050F0102	STX Mounting Rail Distributor with 12 x SC Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM2, SC
H82050K0102	STX Mounting Rail Distributor with 12 x SC Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM3, SC
H82050H0102	STX Mounting Rail Distributor with 12 x SC Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM4, SC
H82050H0002	STX Mounting Rail Distributor with 6 x SC Duplex, Splice cassette, Pigtails, cable strain relief	12 x G50/125 OM4, SC

LC Duplex

Order no.	Description	Fiber Pigtails
H82050E0105	STX Mounting Rail Distributor with 12 x LC Duplex, Splice cassette, Pigtails, cable strain relief	24 x E9/125, LC
H82050F0105	STX Mounting Rail Distributor with 12 x LC Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM2, LC
H82050K0105	STX Mounting Rail Distributor with 12 x LC Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM3, LC
H82050H0105	STX Mounting Rail Distributor with 12 x LC Duplex, Splice cassette, Pigtails, cable strain relief	24 x G50/125 OM4, LC
H82050H0005	STX Mounting Rail Distributor with 6 x LC Duplex, Splice cassette, Pigtails, cable strain relief	12 x G50/125 OM4, LC
